## DETAILED ACTION

### *Double Patenting*

1. The nonstatutory double patenting rejection is based on a judicially created doctrine grounded in public policy (a policy reflected in the statute) so as to prevent the unjustified or improper timewise extension of the "right to exclude" granted by a patent and to prevent possible harassment by multiple assignees. See *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985); *In re Van Ornum*, 686 F.2d 937, 214 USPQ 761 (CCPA 1982); *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970); and, *In re Thorington*, 418 F.2d 528, 163 USPQ 644 (CCPA 1969).

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent is shown to be commonly owned with this application. See 37 CFR 1.130(b).

Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).

Claims 94 and 97 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1, 43 and 50 of U.S. Patent No. 6,657,884. Although the conflicting claims are not identical, they are not patentably distinct from each other because claims of the instant application are broader than the claims of the patent and would, therefore, dominate the claims of the patent.

2. Claim 94 is provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1, 28,29 and 31 of copending Application No. 10/053,814. Although the conflicting claims are not identical, they are not patentably distinct from each other because claims of the instant

application are broader than the claims of the patent and would, therefore, dominate the claims of the patent.

3. Claim 97 is provisionally rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1, 28-29, 57, 60-62 and 86 of copending Application No. 10/053,814. Although the conflicting claims are not identical, they are not patentably distinct from each other because claims of the instant application are broader than the claims of the patent and would, therefore, dominate the claims of the patent

This is a provisional obviousness-type double patenting rejection because the conflicting claims have not in fact been patented.

4. A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor ..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. **The filing of a terminal disclaimer cannot overcome a double patenting rejection based upon 35 U.S.C. 101.**

5. Claim 97 is provisionally rejected under 35 U.S.C. 101 as claiming the same invention as that of claim 97 of copending Application No. 10/053,814. This is a provisional double patenting rejection since the conflicting claims have not in fact been patented.

***Allowable Subject Matter***

6. Claims 1-59, 95-96, 98-151 and 232-241 are allowed.

***Conclusion***

1. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
